***City National Bank Retirement Savings Plan***

**Automatic Enrollment** - Automatic Enrollment is the easiest way to enroll in the City National Bank Retirement Savings Plan ("Plan"). Automatic Enrollment will start your pre-tax salary deferral at 1%. Unless or until otherwise directed, your salary deferrals will be invested in the NestEgg Fund that most closely represents my normal retirement age. You will automatically be enrolled in the Plan (January 1 or July 1), once you become eligible (3 months of service and 21 years old), unless you complete and sign one of the sections on page 2 of this Enrollment form.

**Custom Enrollment** - Want more control? The second page allows you to select how much to defer and in what funds you want those deferrals invested. You can defer from 1% to 100% of your compensation as a pre-tax deferral.

**Bump It!** - Do you like the idea of an easy way to increase your salary deferral each year? Check mark the Bump It! box on page 2 to automatically increase your contribution by 1% every year on January 1. Or you can visit [www.nesteggu.com/cnb](http://www.nesteggu.com/cnb) and log in to your account. The contributions section allows you to enroll in Bump It!

**Decline** - Designed for those who don't want to participate at this time. Declining now doesn't mean you can't participate at a later date. Employees can start deductions at any time by completing another Enrollment form. If you do not want to participate in the plan at this time, you must complete the "Decline" box and return this Enrollment form prior to January 1 or July 1, once you become eligible (3 months of service and 21 years old).

## City National Bank Retirement Savings Plan

**ABOUT YOU**

Name: \_\_\_\_\_ Birth Date: \_\_\_\_\_
